

### MEET OUR COMPANY

Miller's Storage Barns is a family owned company that had its humble beginnings in 1979 as a one man owner-operator business, offering three basic styles of storage buildings. Our company has grown with the demand for not only more and larger buildings, but also more diverse styles. Today we have grown to more than 20 employees, producing 28 styles of buildings. Quality has been and will remain the driving force behind our buildings. Whatever your storage needs may be, our staff offers professional assistance in achieving your goal.

# SITE PREP

We believe the investment you make in a quality storage building would make the type of site your barn needs worthy of consideration. The best barn available may not be satisfactory on an unlevel or unstable site. A proper level site will insure the structural integrity of your barn, as well as enhance its appearance. Pictured are a few simple, yet effective examples of good barn sites. **All sites must be flat and level.**

All limestone pads should be 2 ft. longer and 2 ft. wider than building. Remove 3 or 4 inches of sod and fill the void with #8 or #57 limestone.

**Professional site preparation available**

## SKID PLACEMENT

### TERMS:

Normal terms are C.O.D. Prices do not include the 7% sales tax and are subject to change. **Caulking should be applied along top of horizontal trim on windows and doors.** All buildings should be stained or painted as soon as possible. Building permits or zoning are considered the customer's responsibility where they are required. **There will be a 3% charge for final payments made with credit cards.**

All the sites have to be flat and level. If our crews need to do excess leveling there will be an extra charge for it.

*Note: A carry charge of \$1 per foot will apply on built on site barns that have to be carried over 50 ft. for construction.*

### WARRANTY:

- 10 year warranty on workmanship
- 10 year limited warranty on vinyl and premier barns
- 5 year limited warranty on pine barn siding

*The listed features apply to all barns in brochure except Budget Buildings and chicken coops*
